Dear Harold,

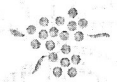
I was so pleased that you received that award at COPA. While I knew that you write because you must it was pleasing to me that you were actually recognized. You deserve it so.

Be well. Do good work. Keep in touch.

All to best,

Andy Kwiatczyk

P.S. Did anyone inform you that among the reasons Norman Mailer gave for not showing was that he thought you might show up to collect your plaque? That set off another round of applause for you



And warm wishes are in order!
